### Information for residents and businesses

**Parking:** We will put out 'no parking' signs and cones on the site to advise where parking is restricted. Please avoid parking in these locations as it will delay our works.

**Weather:** All of these works are subject to favourable weather conditions, for example heavy rain may affect the progress of the works.

Properties close to the carriageway may experience a temporary disturbance as this can be a noisy process and those properties may experience flashing lights and reversing sirens.

We would like to take this opportunity to apologise in advance for any inconvenience or disruption this work may cause, however this forms part of our continuing improvement for the East Sussex highway network.
